DEEP BLOOD

A group of friends makes a blood pact. An old indian makes a small cut in their forearms and makes a brother oath by saying: " If a brother suffers, then the others will fall into tears". After ten years, while they were fishing , a shark attacks them killing one of them. Authorities start a shark hunt with no positive results. The friends,helped by an old fisherman, decide to hunt themselves the shark. In the meantime, the shark strikes many times making more victims. Passing through many difficulties, they manage to make a mortal trap for the shark. Everything seems turned back normal, but.....
